

Rock Island Riders

Mauna Kea 200 2008

Motorcycle and ATV Event

Spectator Information

1. This is a drug free event. DOCARE will be attending the event and they will have the power and means to arrest you and remove you from the event.
2. You are responsible for your own children. If you brought any motorized “toys” do not unload them. There is absolutely no joy riding during the event at either of the locations at Kulani or Mauna Kea State Park (MKSP). Do not let your children run around near the start and finish lines. One keiki almost got run over during a past event.
3. Hope you didn’t bring pets, especially dogs. Animals need to be on a leash at all times. Loose animals are extremely dangerous for our riders. Also don’t forget to pick up your animals mess.
4. Park as directed by event officials.
5. Follow the instructions of Event Officials. Their job is to provide for a safe, orderly and enjoyable event. Spectators associated with a rider are considered the responsibility of the rider. In other words, a rider may be disqualified for the behavior of their associated spectators or pit crew personnel.
6. There are no spectator locations on the course. The designated spectator areas are at the start/finish at MKSP and Kulani. Feel free to visit the Communications Booth and the score board at MKSP to keep track of the riders progress. Keep in mind that MKSP is located within the Army’s Pohakuloa Training Area (PTA). All areas of PTA are off limits for all persons except event participants and event officials. This will be enforced by PTA Police and DOCARE.
